## MICROMAN

She can manage 1000 tasks in parallel

but...

the team members lose selfresponsibility

## MPEDITOR

He can solve any impediment!

but...

the team doesn't know how

## CCSAR

He centralizes the communication

but...

the team only gets some information, always filtered

# KRISUSAVOIDUS

He can make any conflict disappear

but...

the crisis continues to grow anyway

## ZERORISIKA

She never makes any mistake

but...

the team doesn't learn from errors

## DELEGATA

She delegates everything & always at the right person

but...

the team is left alone to take every decisions

## YEWETTEE

She can make anyone search for the deepest "why"

but...

the team loses efficiency and commitment tends to go down the drain

# WIKILEAKZ

Everything he does is perfectly and extensively documented

but...

"too much information" is actually a thing

#### DRSUPERSAFE

Anyone feels super safe to openly talk about their problems

but...

the smallest problems tend to take epic proportions

#### CHEERLEADOR

With him at your side, everything seems possible

but...

the team is all-in and failures are extremely painful

#### TRITICE-WIE

Master of answering with questions, you discover answers deep within yourself but...

the team avoids asking when they really need help

## MEGAPHONE

Voices of the oppressed, he makes sure everyone gets heard

but...

extroverts tend to feel censored and introverts pushed beyond their limits

#### KHOM-TROLLER

Relies purely and extensively on metrics, no more guts feelings

but...

emotions are ignored and metrics get gamed

#### PROCESS-OR

She can create a process for anything

but...

encourages employees to switch off their brains

## IROBOT

Removes emotion from every discussion

but...

the atmosphere becomes dull as members turn robot-like

## **CERBERUS**

Reviews and corrects each team member's work

but...

the team members lose responsibility, creativity and initiative
